## **Peirce Elementary School Visual Art**

Teacher: Molly Atryzek

Dates of display: March 11- April 1

### **Emotion Paintings by Kindergarten (A)**

After talking about what "emotion" means and what kinds of emotions we experience, kindergarten artists learned how colors can portray emotion in artwork. Students looked at famous works of art and discussed how certain colors, lines, and shapes made them feel in the art.

Students then used different colors, lines and shapes to express one or more emotions using paint, oil pastels and cut out shapes. Finally, students gave their artwork a title.

### **Mood Monsters by 2nd Grade (B)**

Students painted and collaged "Mood Monsters" after learning about how color can portray different emotions. We looked at artwork by a variety of artists including Georgia O'Keeffe, Pablo Picasso and Mark Rothko. Students reflected on how certain colors made each of them feel and how we each attach different feelings to different colors.

After talking about different emotions, students chose one and mixed colors to match that mood and then created different tints of that color in their backgrounds. Students created collage monsters by cutting out shapes from color paper that matched the chosen mood and gluing them onto their painted backgrounds. Finally, students wrote short biographies about their monsters.

### **Planning & Process (C)**

Connecting to the Studio Habits of Mind “Envision” and “Understanding Art Worlds”, students learn how artists plan out their ideas before starting a creative project. Students are encouraged to brainstorm, plan and sketch out a few ideas before beginning a final project. This gives them the opportunity to think about potential obstacles they may come across. Some students end up sticking to their original ideas while others come up with new ones as they work!

Fifth graders created surreal shadow boxes with found objects inspired by artist Joseph Cornell that depict a dream or nightmare.

Second graders assembled their very own “Dream Spaces” with paper plates and painted cardstock paper. They filled their dream spaces with pop-up style drawings of things they love.

Third graders learned about “zines” and how they educate the public about the artist’s interests or passions. Students created multi-page mini pamphlets (zines) of what they are experts on or what they like to do.

### **Mandalas by 4th Grade (D)**

Fourth grade artists learned about radial symmetry and pattern by creating mandalas. Students learned about the importance and symbolism of mandalas in different cultures and how creating mandalas can be used as a tool for meditation and increasing self awareness. Students were shown a video of the Tibetan Buddhist ritual of creating sand mandalas in which intricate mandalas are made with sand, and then destroyed after they have served their purpose. The underlying message of this ceremony is that "nothing is permanent".

Students then drew their own mandalas by using repeating patterns. They were encouraged to include symbols that hold unique meaning in their own lives, as well as experiment with different patterns and lines.

### **Self Portraits (E)**

Grades K-5 learned about self portraits and how different artists use self portraits to express their identity. Students were shown portraits by multiple artists- classic and contemporary...

**Kindergarten and First grade** artists learned about Frida Kahlo and made self portraits inspired by the book "Frida and her Animalitos". Students learned about Frida's love of nature and animals and how she included both in her self portraits. Students first sketched their faces, then painted backgrounds that showed what they love.

**Second and Third grade artists** were asked the question, "What is your superpower?" and created Superhero Self Portraits that depicted what they would look like as a superhero! Students drew their self portraits in the style of comic book covers, considering what they would wear as a superhero and what their superhero name would be.

**Fourth and Fifth Grade artists** were shown the artwork of portrait artists including Kehinde Wiley, Henri Matisse and Frida Kahlo and discussed how artists use elements such as symbolism and color to represent who they are. Students then painted self portraits that express their identities through symbolism, color, and backgrounds.

Arlington School Committee  
Arlington School Committee meeting  
Thursday, February 27, 2020  
6:30 PM  
Arlington High School  
School Committee Room  
869 Mass Avenue, 6th Floor  
Arlington, MA 02476

Present: Len Kardon, Chair, Jane Morgan Vice Chair, Paul Schlichtman, Secretary, Jennifer Susse, Jeff Thielman, Kirsi Allison-Ampe MD, and Bill Hayner.

Kathleen Bodie, Ed.D. Superintendent, Alison Elmer, Director of Special Education  
Michael Mason, Chief Financial Officer, Rob Spiegel, Human Resource Director, Karen Fitzgerald, Administrative Assistant, and Marion Nolan, AEA.

Absent: Dr. Allison-Ampe

The committee held its public hearing on the FY2021 budget at 6:30 p.m. After the hearing was closed, Mr. Kardon opened the regular meeting.

Patric Barbieri, Executive Director of LABBB

Mr. Barbieri, presented a slide show on the history of LABBB, Lexington, Arlington, Bedford, Burlington, and Belmont Collaborative. LABBB started in 1973 with five students in a house in Lexington,. LABBB Collaborative designs and delivers special education services that promote academic, social and career independence in the most inclusive setting possible. The program has about 200 students with 70 percent at the high school level and the other 30 percent are at middle school level.

The ICEI program which started in 2007 with 12 students participating in a program where the students can attend Middlesex Community College with a counselor.

LABBB Collaborative started a new adult post program for students over 22 years of age as an adult program. The program will begin this March with five students. Parents' anxiety levels have decreased for their children, since the students in the program can move forward and the program supports recreation opportunities for their children.

The School Committee members heard about other LABBB programs, such as best buddies, Special Olympics, out of state trips to NYC and Disney World and the ICEI program at Middlesex Community College. Mr. Barbieri mentioned enrollment will stay at 200 students, and that other districts that are non-members can participate in member programs with the LABBB Collaborative. Mr. Kardon suggested to Mr. Barbieri to publicize more LABBB programs offered to the public. Dr. Bodie supports Mr. Barbieri as a leader and she unanimously supports the new program he is offering for students who have aged over 22 in the LABBB program.

#### APS Student's presentation from Learn Launch

Mr. Mark Petrozzino, Arlington High School Science teacher and four of his students, Nishaad Vinayak, Dinor Nallbani, Ritika Gurjar, and John Cha demonstrated their experiment in the infrared world with a phone and camera which showed heat transfer. The students demonstrated how it works with metal and with a plastic spoon. The students described how the infrared camera showed where gas leaks were in a house, and where heat was escaping too. The students were very excited to have presented at the MAPLE Learn Launch Conference. The conference brings all schools and high technical companies in all fields together to support school projects for students. The students look forward to returning next year.

#### Public Comment

None

#### Discussion on proposed FY 2021 Budget

Mr. Schlichtman said he would like Mr. Mason to provide an updated FY 21 Budget to include bringing in cost of a MIAA AHS varsity ski team. Mr. Bowler, Athletic Director and Mr. Mason met and received information from other districts, discussed this with the Budget Subcommittee members and considered all factors, and all agreed the costs would be \$37,000 for about 25 students.

After hearing the costs for the ski team, the committee members discussed what the proposed fees per student on the ski team might be. It was suggested that voting to support the proposal of adding the ski team as a MIAA AHS varsity team will be added to the School Committee agenda on March 12. Dr. Bodie and the School Committee then agreed to add the ski team on the agenda next week for the School Committee members to approve.

Ms. Morgan asked about the new BCBA position if it was under one elementary school or district wide, and Ms. Elmer did reply that it will be a district wide position.

#### Monthly Financial Report

Mr. Mason presented the Monthly Financial Reports of February 27, 2020. Some of the projected money was used as a place holder, since we have to wait for some orders to come in next month. We have a watch list for any increases to special education and any surplus money we put in reserve funds and into special education account.

#### Superintendent's Report

AHS Building Committee update

Dr. Bodie said the AHS BC has been discussing the Parameter School and the exterior committee was meeting and looking at the trim color and patterns of the bricks. They continue to work on the exterior of the building but have nothing to share at this time. Dr. Bodie attended the Tree Department hearing at Town Hall this week where they held an open hearing with landscapers hired by HMFH to reduce the trees on the high school property. Dr. Bodie said

they plan to save 11 trees in the front of the high school and plan to plant more trees around the school. The committee had strong support from DPW and the Tree committee. All documents can be found on the website. The next AHSBC meeting will be on Tuesday, March 3, 2020.

The AHS Girls Hockey team is still competing. The Girls Basketball team made the state tourney but lost in the first round. The Boys Wrestling won division 2 sectionals. The AHS Boys Hockey team is in the first period of the game tonight.

The Kindergarten numbers are at 422 students with a projection of 543 students. It is expected that the enrollment will increase over the summer. Dr. Bodie said the Coronavirus continues to burden the health of many in our community and concerned what will happen down the road with scheduled school trips and school events.

#### Consent Agenda

Mr. Schlichtman moved approval of the Consent Agenda:

- Approval of Warrant: Warrant Number 20160 dated February 18, 2020, Total Warrant Amount \$631,420.05,
- Approval of Minutes: School Committee minutes dated February 13, 2020
- Approval of Trip: APS UPenn Model Congress Trip, March 2020

Seconded by Mr. Thielman, Voted: 6-0
